

## I Hope You Dance Installation Narration

Job's Daughters is a group of friends  
Who make you feel at home,  
Job's Daughters teaches acceptance and skills,  
And reassurance that you aren't alone.

We learn and we play  
We are given a chance,  
These words we'll remember,  
I hope you dance.

When the going gets tough,  
And uphill climbs we must do,  
Remembering the words-I hope you dance,  
Will give us the strength to get through.

Choir: As the lead us in song,  
Their voices sweet and strong,  
It almost seems as if they dance along.

Outer Guard: She knows her job is to guard us well.  
She is preparing for the dance of life, we can tell.

Inner Guard: The Inner guard is ever mindful of the call from  
those outside.  
She is ready for instruction and by the rules she will  
abide.

Custodians: The Junior and Senior Custodians have many jobs to  
learn,  
They are protectors of the dove and also of the urn.

Musician: Our musician reminds us that music makes life brighter.  
We do begin to dance for life and troubles seem lighter.

Librarian: A good report from our librarian is positive and fun.  
She lets us know that happy hearts make it easier to get jobs done.

Chaplain: Our chaplain asks for guidance for each one as we grow.  
We know that help from God will make life's journey a brighter road.

Recorder: Our recorder keeps all records of our work and fun. She does so with a smile.  
When we hear again about fun times, we are ready to dance awhile.

Treasurer: Learning to keep the Bethel's wealth and bills in line,  
Our treasurer must be trustworthy and keep balance all the time.

Messengers: A story they tell of sorrow and pain, but with faith in God,  
Life and love are the gain.

Marshal: This daughter know that taking care of our properties and assisting the Guide will teach her good order and service with pride.

Guide: Our guide is a friend and mentor to know. Her watchful eyes and helping hands make our Bethel begin to grow.

Junior P: Our junior princess teaches patience, always think before you speak.  
If we are listening and learning our lessons,  
Our friends and respect from others we will keep.

Senior P: Faith in god and in ourselves is the Senior Princess' teaching. Being steadfast in our lives is the promise we are keeping.

HQ: An Honored Queen, with grace and love, is guiding each of us.  
Her lessons are kind and positive and given with a smile.  
Her message to us is loud and clear,  
Throughout your lives, when you have the chance,  
I hope you dance.

As we make choices in our lives, let us remember the things we have learned. Patience, faith and love will bring us our reward.

Let our lives be full of many good things, and remember when you have a chance:

I HOPE YOU DANCE!!
